

Induction Timetable for September, October 2025 - Online students

Over the first few days of your course, we will be holding a few induction sessions to help you to settle into your life at IFG.

	Monday 29th Sept	Tuesday 30th September	Wednesday, 1st October	Monday 6th October
14.00	Enrolment and General Induction to IFG	Pharos, Perlego	Welfare and Student Support	Applying to Universities
15.00		Grammarly		

See next sheet for more details on these sessions.

All these sessions will be in the Open Session virtual classroom

So, once you have logged in to Pharos, click on My Courses, and then on Open Session.

Then click on Join Session, and then on the microphone icon

Enrolment and General Introduction to IFG - this session covers a wide range of topics, most of which will be covered in greater detail in other sessions.

Pharos, Perlego - learning resources which support your lessons. Pharos is our Virtual Learning Environment ((VLE), and Perlego is the name of our online library of textbooks. This session will show you how to use these resources effectively.

Grammarly - all students have access to Grammarly which is an online tool to help students with spelling and grammar, phrasing, and avoiding plagiarism. This session will also help to guide you on the use and misuse of AI during your studies.

Welfare & Student Support - living in another country and away from home should be an exciting experience, but it can also be stressful at times. This session will give you guidance on some of these challenges, and show you the support which is available.

Applying to Universities - it seems quite early to be talking about applying to universities, but the sooner we start this process, the better. This session will give you some initial guidance.
